ABOUT US :

Company Overview

Revista Integrity and Engineering Services

Founded in 2018 and based in Saudi Arabia, Revista Integrity and Engineering is a trusted provider of third-party inspection services. We specialize in sectors like Oil & Gas, Mechanical, Chemical, and Construction, delivering reliable, high-quality solutions through a team of certified experts and advanced tools. With a strong presence across the Middle East, America, Europe, and Asia, we are committed to on-time, budget-friendly services without compromising quality. Our mission is to remain a leading name in inspection by consistently exceeding client expectations.

Our Mission

Our mission is to exceed customer expectations by delivering reliable, cost-effective inspection, engineering, and consultancy services. Through strong partnerships, skilled teams, and safe practices, we uphold the highest standards of quality, safety, and compliance. Driven by innovation and client satisfaction, we aim to support our partners' growth with transparency, ethics, and technical excellence at every stage.

WHY CHOOSE US?

We deliver excellence through expertise, innovation, and reliability. Our experienced team provides high-quality, tailored solutions with a client-first approach. By blending modern technology and creative problem-solving, we ensure efficient, forward-thinking services—built on transparency, integrity, and lasting trust.

Our Best Services

Our services are designed with precision, backed by a team of experts committed to quality and innovation. Whether it's technical consultation, inspection, compliance assurance, or project execution, we align with your goals to ensure seamless outcomes.

1. INSPECTION & VERIFICATION

Revista Integrity provides globally accredited third-party inspection and verification services across Saudi Arabia.

Our Services Include:

- ASME Boiler & Pressure Vessel Inspection
- NBIC In-Service Testing for Pressure Systems
- Pipeline, Heat Exchanger & Structural Steel Inspections
- Packaged Equipment (Mechanical, Electrical, Instrumentation)
- Onshore/Offshore Rigging Inspections
- Welding Procedure & Welder Qualification (WPS/PQR/WPQ)
- In-process & Final Inspections (Blasting, Painting, Mechanical, Electrical)
- 1st, 2nd & 3rd Party Audits
- QMS, ASME & NB Certification Consultancy

Trusted Quality by Certified Inspectors.

2. THIRD PARTY INSPECTION

Revista Integrity is a leading third-party inspection company in Saudi Arabia, ensuring goods and equipment meet international quality and safety standards through expert oversight and transparent processes.

Our Certified Team Specializes In:

- General Goods Inspection
- Welding & Painting Verification
- Electrical Component Inspection (Motors, Transformers, UPS, MCC Panels)
- Static & Packaged Equipment (Skids, Boilers, Cranes, Fire Systems, Heat Exchangers, Stacks)

We prioritize quality, safety, and reliability -delivering peace of mind at every project phase.

3. VENDOR INSPECTION

Revista Integrity is a trusted vendor inspection company in Saudi Arabia, ensuring materials, components, and equipment meet client specifications, quality standards, and delivery timelines.

Scope Includes:

- Bulk Materials: Tubes, Fittings, Flanges, Rebars
- Electrical Components: Motors, Actuators, Transformers, UPS, MCC Panels
- Static & Packaged Equipment: Skids, Boilers, Cranes, Fire Systems, Heat Exchangers, Stacks, Incinerators.

We deliver flexible, client-focused inspections with smooth coordination, timely verification, and full compliance.

4. PRE-SHIPMENT INSPECTION

Revista Integrity provides reliable pre-shipment inspection services across Saudi Arabia, ensuring products meet all quality and specification requirements before dispatch.

We Inspect:

- Bulk Materials: Tubes, Valves, Fittings, Flanges, Rebars
- Electrical Components: Motors, Actuators, Transformers, UPS, MCC Panels
- Static Equipment: Skids, Boilers, Heat Exchangers, Cranes, Fire Equipment, Containers

Our certified inspectors help reduce risks, ensure compliance, and guarantee smooth order fulfillment—giving you confidence before your product leaves the factory.

5. QUALITY ASSURANCE & QUALITY CONTROL

At Revista Integrity, quality is our commitment. We provide tailored QA/QC services for the process, construction, and shipping sectors, ensuring full compliance with customer and regulatory standards.

Our Strengths:

- End-to-end supply chain QA/QC solutions
- Tech-driven inspection methods
- Focus on continuous improvement
- Fast, accurate results using advanced testing tools

We deliver precision, performance, and trust—raising the bar with every project.

7. CERTIFICATIONS

At Revista Integrity and Engineering, we go beyond services — we deliver globally recognized certification support that sets businesses apart.

Our Expertise Includes:

- ISO 9001: Quality Management
- ISO 14001: Environmental Management
- ISO 45001: Occupational Health & Safety
- Management Systems & Pressure Equipment Certifications

With our expert team and simplified process, we ensure fast, compliant, and hassle-free certification—empowering your business for global success.

6. ENGINEERING CONSULTANCY

Revista Integrity is a trusted engineering consultancy in Saudi Arabia, driven by a skilled multidisciplinary team with proven success across residential, commercial, healthcare, educational, and industrial projects.

Our Strengths:

- Expertise in projects of all sizes and sectors
- Full project oversight from planning to completion
- Seamless coordination with clients and stakeholders
- Transparent reporting and proactive issue resolution

Partner with us for smart, efficient, and dependable engineering solutions.

8. TRAININGS

At Revista Integrity and Engineering, we believe true excellence comes through continuous learning. As leaders in inspection and consultancy, we proudly share our expertise through industry-driven training programs.

Our Training Covers:

- ASME Section VIII-1 & Welding Codes (AWS, ASME, ISO)
- Internal Auditor & ISO Management Systems (9001, 14001, 45001)
- HSE Awareness & Basic Safety
- Welders' Skill Enhancement & Certification
- Goods Inspection & Evaluation Techniques
- Customized Quality & HSE Training

Available on-site or online, our programs empower professionals with real-world knowledge and up-to-date best practices.

9. TECHNICAL CONSULTANCY

At Revista Integrity and Engineering, safety and technical compliance are at the core of every service we deliver. Our expert consultancy helps clients meet regulations, reduce risks, and enhance system reliability.

Our Expertise Includes:

- Heat Treatment Procedures & Compliance
- Product Evaluation & Reliability Consulting
- Non-Destructive Testing (NDT)
- Failure Analysis & Root Cause Investigation
- Advanced Welding & Brazing Consultancy
- QA/QC Project Support

Partner with Revista for smart, safe, and sustainable engineering solutions built on precision and trust.

10. EXPEDITING

Revista Integrity and Engineering delivers proactive expediting services to keep your projects on track – from order placement to final delivery.

Our Services Include:

- Desk & Field Expediting (Local & International)
- Customized Expediting Plans & Reports
- Real-Time Tracking of Deliverables
- Early Delay Detection & Escalation
- Process Acceleration & Issue Resolution

With hands-on coordination and timely action, Revista ensures smooth workflow, reduced risks, and on-time, quality

11. PROJECT MANAGEMENT

At Revista Integrity and Engineering, we offer strategic and reliable project management solutions that ensure full compliance, precision, and timely delivery across all project phases.

Our Services Include:

- Compliance with international quality and safety standards
- Risk mitigation and preventive control measures
- Full oversight of budget, scope, timeline, and resources
- Client-focused, objective-driven processes
- Real-time tracking and milestone reporting

Trusted across Saudi Arabia, Revista delivers well-managed, efficient, and cost-effective project execution—every time.

12. TECHNICAL STAFFING SERVICES

At Revista Integrity and Engineering, we provide certified, experienced professionals through a rigorous selection process to meet diverse industry needs.

Our Staffing Includes:

- Certified Welding & Painting Inspectors (AWS, CSWIP, NACE, BGAS)
- API 510, 570, 653 Inspectors
- NDE & PCN Level II Technicians (UT, MT, PT)
- Engineers, AutoCAD Designers, Draftsmen
- Document Controllers & Shutdown Support Staff
- Vendor Surveillance & Project Management Experts
- Aramco-approved Inspectors, QC Managers & Safety Officers

With Revista, you get more than manpower – you get trusted professionals committed to excellence.

13. NDT & MECHANICAL TESTING

Revista Integrity and Engineering is a leading NDT and Mechanical Testing company in Saudi Arabia, delivering accurate, reliable, and advanced testing solutions to ensure asset integrity and safety.

Our NDT Services Include:

- Liquid Penetrant Testing (PT)
- Magnetic Particle Testing (MPT)
- Ultrasonic Testing (UT) & Thickness Gauging (UTG)
- Radiographic Testing (RT)
- Pre-Heating & Post Weld Heat Treatment
- Hardness Testing & PMI
- Spectro Analysis (OES) & Ferrite Testing

With certified experts and cutting-edge technology, Revista ensures consistent quality and dependable results.

14. BUNKER SHIP SURVEY SERVICES

Revista Integrity and Engineering offers expert bunker ship survey services across Saudi Arabia, ensuring accurate, transparent, and compliant marine fuel inspections.

Our Services Include:

- Pre- & Post-Bunkering Inspections
- Quantity Verification & Measurement
- Fuel Sampling & Lab Testing
- Mass Flow Meter (MFM) Compliance
- MARPOL Annex VI Compliance Support
- Loss Control & Dispute Resolution
- Detailed Reporting & Documentation

With certified marine surveyors and strict adherence to international standards, we protect the interests of shipowners, charterers, and fuel suppliers.

Sub Services

Our sub services include equipment installation, maintenance, spare parts supply, and technical support tailored to meet your operational needs efficiently and reliably.

1. NDT & Mechanical Testing

Revista Integrity and Engineering delivers trusted NDT and Mechanical Testing services across Saudi Arabia, ensuring asset safety and compliance. Services include PT, MPT, UT, RT, UTG, PWHT, Hardness Testing, PMI, OES, and Ferrite Testing—providing accurate results to reduce risk and

2. Mechanical Contracting

Revista Integrity and Engineering offers reliable mechanical contracting services across Saudi Arabia, covering installation, maintenance, and commissioning of industrial systems. We specialize in piping, structural works, equipment erection, and plant maintenance—ensuring quality, safety, and timely project delivery for every client.

3. Instrumentation Contracting

Revista Integrity and Engineering provides expert instrumentation contracting services across Saudi Arabia, specializing in the installation, calibration, and maintenance of control and automation systems. We ensure precise measurement, system reliability, and seamless integration—supporting industrial operations with safety, accuracy, and

4. Civil Contracting

Revista Integrity and Engineering delivers dependable civil contracting services across Saudi Arabia, specializing in structural works, foundations, concrete construction, and infrastructure development. We ensure high-quality execution, safety compliance, and timely project completion for industrial, commercial, and residential projects.

5. Electrical Contracting

Revista Integrity and Engineering offers professional electrical contracting services across Saudi Arabia, covering installation, testing, and maintenance of LV, MV, and HV electrical systems. We ensure safe, efficient, and code-compliant solutions for industrial, commercial, and infrastructure projects.

6. Operation Maintenance

Revista Integrity and Engineering provides comprehensive operation and maintenance services across Saudi Arabia, ensuring optimal performance, safety, and longevity of industrial and infrastructure systems. Our expert team handles routine upkeep, troubleshooting, and preventive maintenance to minimize downtime and maximize efficiency.

7. Equipment Rental

Revista Integrity and Engineering offers reliable equipment rental services across Saudi Arabia, providing a wide range of well-maintained machinery and tools for industrial, construction, and infrastructure projects. We ensure timely availability, operational efficiency, and cost-effective solutions to meet your project needs.

8. Material Trading

Revista Integrity and Engineering provides trusted material trading services across Saudi Arabia, supplying high-quality industrial, electrical, mechanical, and construction materials. We ensure timely delivery, competitive pricing, and reliable sourcing to support the smooth execution of your projects.

9. Equipment Trading

Revista Integrity and Engineering offers dependable equipment trading services across Saudi Arabia, supplying a wide range of industrial, mechanical, and electrical equipment. We focus on quality, affordability, and timely delivery to meet the demands of various sectors with reliable solutions.
